## LIVINGSTON.

Mrs. Dave Rainbow is some better at this writing.—Mr. John Quinn, of Louisville, is visiting his mother at this place.—Mr. Harry Gehring, of Lebanon Junction, will move his family back to our town.—We have been informed that Circuit Court is in session at Mt. Vernon and several of our citizens are attending. We will have a court of our own in a few days as some of the boys got hold of some bug juice Monday night and cut a considerable swath, but Marshal Pennington and Judge Caloway are camping on their trail and say they intend to clear it up. Go ahead officers and here is wishing you success.—Clarence Ferguson, of Mt. Vernon, was in our town Sunday.—Rena Dotson was arrested here Friday and taken to Mt. Vernon and was sent from there to the reform school. She was thirteen years old.—Mr. and Mrs. Grotten thrasher has moved to South Louisville where they will make their future home.—Miss Lydia Cook has returned home after a pleasant visit with relatives in Cincinnati.—Mr. and Mrs. W. G. Hamilton of Tiner, Jackson county, are with Mr. W. N. Riggs. Mr. Riggs had the misfortune of losing his wife some few months ago and at her death he was left with three small children. His father and mother will stay with him this summer.—Died, April 24, 1912, Mrs. Bertie Smith, wife of David Smith. She was born in the year 1882 and was thirty years old at her death. She leaves a husband and a little girl two years old to mourn her death. She died of that dread disease consumption. The bereaved family has the sympathy of the entire community.—Charles Blanford of La Fayette, Tenn., is visiting his uncle, C. A. Blanford, of this place.—J. B. Donley has returned from Lexington and reports a nice trip to the blue grass city.—H. W. Bowman was in Mt. Vernon, Monday,

on business.—Mr. App Taylor, supervisor, was in Corbin, Sunday.—It has been said that patience will be rewarded. The citizens of this little town have been patient and all we want is our rights and if we get this we are satisfied, but when we see a treat they ask for our portion of the pie now that the county will build another bridge across Round Stone, which will make three in the county across this stream, and when we consider that the dividing line between this and Laurel county is a river, and there is at least four months out of the year that it cannot be crossed. There are turn pikes in the county but all we get here is six days on the county roads and more if necessary. We believe in an equal division of the pie and special advantages to none. Now, what we want is a bridge across Rockcastle river and we believe if we get our rights we will get one.—Died, April 17, 1912, T. J. Hellard. He was sixty seven years old, has been a member of the Baptist church forty years, was the father of eleven children, nine living and two dead; four boys and five girls, S. E. Hellard, Livingston, Mr. C. M. Wise, Dango, Jackson county, Louise, Dango, R. G. Hellard, Dango, Mrs. David Hellard, Wyott, Mo., Mrs. Thomas Elliott, Livingston, Mrs. T. M. Deese, Livingston, Mrs. Eli Summers, Middle Fork, and Bradley Hellard, Middlefork. His remains were laid to rest in the family burying ground in Jackson county to await the resurrection morn. The bereaved friends of the deceased has the sympathy of the community.—Mr. Willie Quinn who has been visiting relatives for the past two months has returned to Tampa, Fla.—Mrs. Maggie E. Martin is able to be out again.—Rev. S. H. Masters, of Corbin, will preach at the Christian church, Saturday and Sunday, the 27th and 28th of this month. Everyone cordially invited. He is the son of the Rev.

Masters that was pastor of this church several years ago.—Cam Mullins, of Mt. Vernon, was in our town Sunday.—Bill Cummins was in Mt. Vernon, Friday.—Sheriff Nicely was here between trains Sunday.—C. J. Rice was in Cincinnati, a few days the past week.—Mrs. A. C. Howell is very sick at this writing.—There was services at the Presbyterian church, Saturday evening and Sunday, conducted by Rev. Geo. Watson, of Mt. Vernon. The writer remarked to Sheriff Nicely, Sunday, that Livingston was a quiet little town now. Nicely's answer was, if they send a few more from here to the reform school it would still be quieter. We have this to say in answer. We believe in enforcing the law and violators of the law should be punished. We know that we have furnished our part for the reform school and we wish to complete the court for doing their full duty. Of course it looks hard to send them there but a thousand times better is it than for them to bring further disgrace on all concerned or land in a prison cell.—J. nes Allen, a merchant of Big ill was killed Saturday by Esmer Isaacson.—William Yaden, the night clerk at the restaurant, was at Brodhead, Sunday, to see his best girl.—Miss Ella Mae Blanford is visiting relatives at Parksville this week.—Mr. and Mrs. William Odel has returned to Livingston and will make it their future home.—Hiram Morgan, of Jackson county, has moved into our town.—Miss Alice Ward left for Berea to enter school.—Born to the wife of Jess French on the 22nd, a fine boy. Hays.—Mr. and Mrs. Alvin Reynolds were called to Wildie, Monday, on account of the death of their nephew, Albert Reynolds.—Dr. R. G. Webb has put in a complete and up-to-date

surgical operating outfit and is prepared to do all surgical work. He said he was out of the goods business for all time to come and was going to devote his full time to his chosen profession. Well Doc, there are others that are glad they are out of that business, too. We are glad the doctor has decided thus: He will in a few days install an X-ray and then he will have the most up-to-date office in southeastern Kentucky.—George Owens, the monument man was here Sunday.—The pay car passed through here Sunday causing the railroad boys to wear smiles.—Miss Georgia Amyx was at home from Mt. ## OBITUARY

The late lamented Mrs. M. V. Sigler.

The sudden death of this most estimable lady at Texarkana was the cruellest blow that ever fell upon her relatives and acquaintances at Crab Orchard and Pulaski county where she was born and raised at what she always called "glorious old Dallas".

Her school mates and acquaintances were the Owens, McAlisters, Evans and Barnetts, and those sturdy old Virginians, the grandest and noblest strain of blood that ever came from the grand "Old Dominion" to her fair daughter, Kentucky. On her maternal side, a Stigall the most numerous and wealthy people in Pulaski, Lincoln, Boyle and Rockcastle counties. Her father, Major John Bobbitt, the best informed man that ever adorned the early history of Pulaski the associate of the Hon. Sherrod Williams, Attorney General, A. J. James, Major Milford Elliott, and others scarcely less famous in the county annals. Born with the most tenacious memory that woman was ever blessed with, and with such instructress as Margaret Lewis the talented and accomplished sister of Hon. J. M. Barnett. She was the most accurate and accomplished historian this state has ever produced; knew Townes Analysis of the English language almost by note, an almost perfect grammarian, could converse in the beautiful, delegate poetical language of flowers, whose delicate perfumed breath, she could make communicate ever thought; knew every important date and discovery. The Seven Wonders of the world in the order in which they occur in history, never dreaming that she was the eighth. She read history with its two eyes, Geography told where events happened and Chronology told when they happened. Her memory never suffered a dislocation, and would have to think for a moment or reflect for a second as men often have to do, to evoke a fact or date from the debris of mountainous accumulation. One might call off a long catalogue of dates and discoveries and they were answered with the accuracy of her husband's mercantile accounts that did not disclose a mistake in addition in eight years duration during a voluminous business life in Crab Orchard, during which one man's account "oared to the height of \$10,000. All chaste beauties of romance and poetry, adorned as a silken tapestry the luminous windows of a most remarkable mind. Anything once committed was caged there forever. When she caught a bird of thought and clipped its wings it was her captive forever. In her the human mind was shown to be the most remarkable framework of Almighty God. Her two favorite words were "wild weird." Her untimely demise was a great loss, irreparable in its nature. Some of her younger relatives were engaged in trying to acquire a portion of the inexhaustible reservoir of that she had been half century in storing away for winter of age.

Oh, how freely would I give Rockefeller's \$600,000,000 to restore to the walks of life that darling sister. Oh, what a shock! She and daughter and granddaughter to be here Sunday or Monday, and on Friday the telegram handed to me which read: "Texarkana, Texas. Your sister died here this morning at 6 o'clock." Oh! what a shock I went like one that had been stunned and was of sense forlorn. Those awful words will never cease to ring funeral dirges through my brain. "Your sister dead," that vast accumulation of facts, history, poetry reminiscences all gone. Blown out by the envious breath of death. My only consolation—a strange one that my own heart is beating muffled funeral marches to the grave. For when true hearts lie withered, And fond ones have flown, Oh, who would inhabit this bleak world alone. Oh! for the touch of a vanished hand And a voice that is still." Her favorite flower was the modest little violet that shrank from the gaze of man. Her local patriotism was so intense that absent too long from Crab Orchard she almost died with nostalgia, and nearly every

letter breathed the sentence, "Oh! do my friends now and then send a wish or a thought after me." Her kindness to the poor and humble of both colors was well known. Her old nurse, Nancy, still alive at Crab Orchard, and always had something substantial to take back with her besides being cheered by the reminiscences of "Glorious old Dallas." She never ceased to correspond with her old friend and school mate Lizzie T. Owens, now widow Hays, of Somerset, a correspondence that lived and grew and flourished for half a century. She traveled through many states but never ceased to revere Kentucky, reverend Old Virginia and even taught her grand children that the Good Man lived in the South and the Old Man lived in the north. Her darling son, W. J. Sigler, had recently built an elegant cottage for his idolized mama in Crab Orchard. But, alas! the worshipping mother never saw the beautiful casket that her darling boy had prepared for his precious jewel, his mother. Oh! the irony of fate was to be home Sunday or Monday and went to her eternal home Friday. This awful bereavement has christianized this whole family who are praying and striving to meet in the Land that is Fairer than Day, the gentlest, noblest spirit that ever shone in a human casket. Oh! may we all persevere till our efforts and we are all crowned with glory is the prayer of a heart-broken brother.

FONTAINE F. BOBBITT.

## ALMOST A MIRACLE.

One of the most startling changes ever seen in any man, according to W. B. Holsclaw, Clarendon, Tex., was effected years ago in his brother. "He had such a dreadful cough," he writes, "that all our family thought he was going into consumption, but he began to use Dr. King's new discovery, and was completely cured by ten bottles. Now he is sound and well and weighs 218 pounds. For many years our family has used this wonderful remedy for Coughs and Colds with excellent results." It's quick, safe, reliable and guaranteed. Price 50 cents and \$1.00. Trial bottle free at Chas. C. Davis.

CIRCUMSTANCES often makes heroes, and some of the heroes of the awful Titanic disaster became so from necessity and not from choice. Col. Astor, Major Butt and some of the other great heroes we hear so much about were heroes because of the appearance of a 45 which they knew would be thrown down upon them and used if necessary to prevent any one from entering one of the life boats until ordered by the boat crew, and at that time for once in life there was no respecter of persons. All looked alike. Those who were able to escape are to be congratulated even to Mr. Ismay, and those who had to go down, their death we should mourn.

The subject of the Woman's Missionary Society of the Presbyterian church this month: "Immigrant communities," was of peculiar interest. This was due especially to the fact that two of the members, Miss McCord and Miss Watson were able, from experience, to speak of the settlement work among the foreigners of our country. This may seem unimportant, but did you know that forty-six out of every one hundred people in the United States are foreign born or of foreign parentage. Most of them are brought here by the tales of the attractiveness of America, of the vast sums of money to be accumulated, of the absolute liberty of each individual. Since they settle in communities in the large cities, surrounded by people speaking the same language, they are hampered in their attempts to speak English. It is for this purpose that classes are held among the men and women, thru which they become English-speaking Americans. Cooking, too, is taught, either in the homes or else in some centrally-located building where the women may learn not only the art of cooking but that of neatness as well.

## PUTS END TO BAD HABIT.

Things never look bright to one with "the blues". Ten to one the trouble is a sluggish liver, filling the system with bilious poison, that Dr. King's New Life Pills would expel. Try them. Let the joy of better feelings end "the blues". Rest for stomach, liver and kidneys. 25c at Chas. C. Davis.

## SUNNY SQUIBBLETS.

Stop thrashing 'round, Father of Waters! You'll fall out of your bed!

At the best only a small fraction of the population gets any higher wages through the tariff, while every one is taxed by it.

Congress is investigating the money trust without learning a thing as to how the everyday man can get into it.

It is expected that Congress will pass the Children's Bureau bill as even children grow up to be constituents some day.

The whole political situation can be summarized in a line. The Republicans in 1908 promised to revise the tariff downward, and they haven't done it.

Mr. Roosevelt compares dealing with Colombia on the Panama question to "nailing cranberry jelly to the wall." What a saucy remark!

A movement is on foot to have servant girls addressed as "Miss" but they don't help in families where they don't dare speak to her at all.

Few politicians will stand without hitching nowadays, but it's no use to tie them down if you want to save the hitching post.

It is said that Mr. Taft never

followed will o' the wisps and rabbits, but he has searched long and earnestly for golf balls, which are equally elusive.

If Uncle Sam should tell the operators and miners that the public ought not to have to suffer for lack of coal, we fear one of them would bob up and tell him that small children should be seen and not heard.

The People should Rule, but the People's Wives are more likely to.

It is inevitable that a new party should be formed, if our law makers fail to provide offices enough to go around.

A big stir was created in Washington by the report that a straw ballot of the New York kindergartens showed a majority of 372 for Santa Claus for president.

If the Psychological Research Society hears the door-knob rattle they should look to see if the cat isn't trying to get in, before deciding that it is the spirit of Dr. Funk.

This is the season when Washington is overrun with High school excursionists, it being more important for the young to study the art of getting office than arithmetic or history.

Mr. Roosevelt is writing some of his speeches with old pencil stubs on his suit-case as he sits in the railroad station. He can't qualify as a seasoned newspaper man until he can prepare copy on the top of a derby hat.

In case of rheumatism relief from pain makes sleep and rest possible. This may be obtained by applying Chamberlain's Liniment. For sale by Chas. C. Davis.

## Sore Lungs and a Dry Hacking Cough can be relieved by using Ballard's Horehound Syrup

Its effect in the lungs is soothing and healing, very gratifying to those who are racked by a painful cough. Relieves tightness, loosens phlegm, clears the voice of hoarseness and quiets all irritated conditions, so that the sleep is no longer disturbed at night.

## DON'T ABUSE YOUR WATCH

YOU do not run your buggy, automobile or other machinery till it squeaks and grinds and cuts itself to pieces. You clean and oil it often.

You should be as careful of your watch. It is small and light and can not speak loud when it is dry and needs cleaning and oiling, so it is liable to cut and wear and need attention before you know it. You may not know it till the watch is completely ruined and stops.

Bring your watch to us and let us examine it with our strong glass to see its condition accurately. We will show you and explain the exact condition.

Every watch should be thoroughly cleaned and re-oiled and adjusted once in each year. Take proper care of your watch and it will last you a lifetime.

## CIRCUIT COURT.

The Rockcastle Circuit Court convened Monday and as usual a full Docket, even more than it would be possible to try within the limited time. Judge B. J. Bethurum was on the bench and delivered to the grand jury, which is one of the best grand juries ever empaneled in the county, a strong charge, outlining the duties.

Judge M. L. Jarvis, prosecuting attorney, was at his post of duty to take care of the state's interest. The following Jurors were selected:

## GRAND JURY

E. A. B. Brown, J. G. Anderson, Robt. Cox, R. L. McFerron, J. L. Hasty, W. T. Taylor, G. W. Brown, Gran Price, W. A. McKinney, Wm. Hays, Sam McClure, J. W. VanWinkle.

## PETIT JURY

P. H. Shotts, J. S. Rowe, Willis Bustle, R. L. Smith, Wm. Arnolds, Wm. Southards, Tom Taylor, Tom Mod Mullins, Dan Brown, Alfred Bryant, Joel Pitman H. L. Smith.

## JURY No. 2

Joe Wood, Callie Baker, Jacob Elder, Wesley Abney, Wm. Kirby, R. L. Bray, Geo. Perciful, Wm. Hurst, Logan Owens, Sam McHargue, J. C. P. Myers and J. J. Brown.

The following cases have been tried: Dick Smith; concealed weapons \$25 and cost; Rector Coffey, breach of the peace \$50; James Winsted, injury to property acquitted; Charley Stephens, shooting on public highway \$5 and cost; Maurice Farris, pistol \$25; J. B. G. Miller fined in five cases for selling liquor \$60 and 10 days in each case; James Baker \$80 each in two cases for selling liquor; The case against Maurice Farris for the killing of Lee Wood continued until the August term; George Ferguson charged with presenting a pistol at John W. Marler, acquitted; Fritz Krueger indicted for obstructing Old Main street fined one cent and costs.

The next case called was that of Owen W. Turpin charged with the killing of Bogie Phillips when both sides announced ready. The entire panel of the twenty four regular Jurymen being exhausted without securing a single Juror in the case and realizing that it would be a difficult matter to secure a Rockcastle county jury, as the case has twice been tried and twice convicted, but each time reversed by the Court of Appeals, the Judge ordered Sheriff Nickey to go to Lincoln county and summon a special venire of 75 men, who arrived at Mt. Vernon on the noon train Wednesday. The following Lincoln citizens were selected to try the case:

James E. Gooch, J. S. Campbell, Walter Warren, A. C. Alford, J. O. Newland, J. L. Sloan, E. Wilkinson, Wm. McGuffey, W. M. Duncan, J. L. Goode, Cleoro Reynolds, W. D. Withers.

The taking of evidence was begun yesterday in the Terpin trial.

## BALTIMORE CAPITAL

Invested in Coal and Cement Industries in Kentucky.

Baltimore men have organized a \$2,400,000 corporation, entitled the Kentucky-Portland Cement and Coal Company, to mine coal and manufacture cement at Pine Hill, Ky. The capitalization is \$1,200,000 stock and \$1,200,000 first mortgage 6 per cent coupon gold bonds.

The company has purchased 1,200 acres of coal land and 800 acres of clay and limestone land at Pine Hill, where it will locate its plant. About \$1,000,000 will be invested for the first installation to manufacture cement and mine coal, the daily capacity to be 2,000 barrels of cement and 500 tons of coal.

The officers of the company are: President, E. M. Newton; Vice President, Robert S. Maslin; Treasurer, Harry J. Matthews, Secretary, William L. Haworth; Engineer in Charge, John W. Dreisbach, all of Baltimore.

These lands in and around Pine Hill are known as the Col August tract purchased a number of years ago by that gentleman from the old Pine Hill Coal Co. Geologists have since discovered valuable minerals thereon such as clays and all ingredients necessary for the production of cement in vast quantities. is also considerable coal in these and surrounding lands. The new corporation, has engineers under B. R. Hutchcraft, on the grand mapping and making preparations for the construction of necessary buildings and work will be pushed. Some 500 or 600 men will be engaged on the works when established.

At a meeting of the directors of the Mt. Vernon Fair Association, April 20th, contract for building track and amphitheatre were awarded to Wm. Bullock, he being the lowest bidder. Mr. Bullock informs us that he will begin work at once and push the work to a finish. All persons who have not paid for stock are urged to settle same at once, as work is now ready to begin.

Isaacs who cut Jones Allen is now in jail, having been arrested at his home a few hours after the cutting took place. On account of the Grand Jury being in session the right of an examining trial was waived and the case goes before that body. The case will not come up for trial at this term whatever the nature of the indictment returned.

You'll find the very best class, of mens and boys Furnishing, in the County, at very reasonable prices at Sutton & McBee.

The people of this county were shocked Saturday morning, when the news was spread that Jones L. Allen, of Robinet had been fatally stabbed by Sanford Isaacs, a neighbor of Allen. From best reports we can get it seems that young Allen and Jim Johnson were on their way to the home of Allen late Friday night when they met Isaacs and after he joined them they went on their way peacefully as far as the home of Hyatt Drew. After the three men entered the house Isaacs and Johnson became engaged in a quarrel. Drew pushed Johnson out the door and while Allen was as peacemaker Isaacs stabbed him, the knife entering the stomach making the wound from which he died Saturday afternoon. Isaacs is in jail here. Jones Allen was a prominent young business man, being the junior member of the firm of Allen & Son, and well liked by all who knew him. If he and Isaacs had ever had any previous trouble whatever, we have not been able to hear of it.

The Home Economics Club held a very interesting meeting this week.

The piano is the greatest of all pleasure instruments for the home and it is no longer necessary to be an accomplished musician in order to play it.

Human Ingenuity has made it possible for anyone to play a piano by means of perforated music rolls—thus eliminating years of tedious practice—and placing the responsibility of correct playing on the piano rather than on the pianist.

## Nature's Way Is The Best.

Buried deep in our American forest, the golden root, queen's root, black drake and stone root, golden seal, Oregon grape root and cherry bark. Of these Dr. R. V. Pierce made a pure glyceric extract which has been favorably known for over forty years. He called it "Golden Medical Discovery."

This "Discovery" purifies the blood and tones up the stomach and the entire system in Nature's own way. It's just the tissue builder and tonic you require when recovering from a hard cold, grip, or pneumonia. No matter how strong the constitution the stomach is apt to be "out of kilter," at times; in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body. The weak, nervous, run-down, debilitated condition which so many people experience at this time of the year is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin—you feel "blue."

"More than a week ago I was suffering with an awful cold in my head, throat, breast, and body," writes Mr. JAMES G. KEAY, of 210 L. Street, S. E., Washington, D. C. "Some called it La Grippe, some pneumonia. I was advised by a friend to try a bottle of your 'Golden Medical Discovery.' I tried a bottle and it did me so much good that I feel safe in saying it is the greatest and best medicine that I ever took. My health is much better than it was before using your medicine. It does all you claim for it and is satisfactory."

J. G. Keay, Esq.

## Hanna's Green Seal "The Made-to-Wear Paint"

If you expect to do any painting, you are interested—you should be—in the quality of the paint to be used.  
In any given job of painting, labor represents practically two-thirds, material one-third the cost.  
It stands to reason that with so much expense in labor, the enduring quality of the paint is all important.  
Why have the painting done unless the protection and durability of the job is sought?  
How is one to determine the true value and obtain paint that may be depended upon for durability?  
**HANNA'S GREEN SEAL PAINT IS NOT A SECRET.** This paint has the printed formula on every package.  
The makers have confidence and take pride in the quality and tell the public the composition of the paint.  
IS THIS OF ANY VALUE TO YOU? IT OUGHT TO BE.

## BEWARE OF OINTMENTS FOR CATARRH THAT CONTAINS MERCURY.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous services. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggist. Price, 75 cents per bottle. Take Hall's Family Pills for constipation.

## WHEN PRIDE IS JUSTIFIED.

Far too many mortals are vain and self-satisfied because of such temporary mercenary advantage, and in their eagerness to display that advantage at every opportunity often destroy their greatest blessing, the physical counterpart of sunshine, which is their own health. Neglected colds, irregular meals, overloaded stomachs and night revelry result in shattered nerves, depressed vigor and fatigue all of which invite decline and disease.

Each person stands sentimental at the portals of his own health and he who guards, protects, strengthens and builds up a rugged constitution is justified in pride and find therein his own recompense—the compacity to enjoy the fullness of life.

The strain of modern commercial and social living taxes strength and energy and in maintaining the highest self-efficiency, we should not only cultivate deep breathing, out of door exercise, regularity and temperance in all things, but study the greatest of all physical power-creators which is body nourishment. In this, alcoholic preparations should be carefully shunned and such pre-digested nourishment as Scott's Emulsion which enriches the blood and creates vitality by building, healing and strengthening, should be selected.

Scott's Emulsion is scientifically prepared and is good for teething babies, nursing mothers, growing children, the aged and infirm. It contains no wine or stimulant, but is wholesome and pure and has helped millions to regain health and sustain it. Worthless substitutes are sometimes offered, but Scott's Emulsion is the genuine pure food-medicine.

When a medicine must be given to young children it should be pleasant to take. Chamberlain's Cough Remedy is made from loaf sugar, and the roots used in its preparation gives it a flavor similar to maple syrup, making it pleasant to take. It has no superior for colds, croup and whooping cough. For sale by Chas. C. Davis.
